Triple Instructor Certification

Handcuffing - O.C. Spray & Expandable Police Baton

Aug 28 - Sept 1, 2023

An intensive 5-day training program to develop instructors in Handcuffing, Oleoresin Spray, and the Expandable Baton. This is a law enforcement instructor course developing integration concepts within the less lethal options used by law enforcement and correctional operations. Officers are not restricted to one less lethal option and need to integrate, interleave, and transition from different disciplines. This course brings those options together in an instructor format so agencies can benefit from the investment in the training.
