Overcoming Size Differences for Female Enforcers

March 15 - 16 2017

This two day course is designed to address violent encounters dealing with suspects of larger stature. When attempting control larger suspects, size and strength differentials necessitate combat strategies less reliant on pure upper body strength. The concepts and techniques can be utilized by any officer addressing a larger suspect. The days are hands-on and mentally challenging. Officers train and drill wearing vest, gun belt and gear because anything else makes no sense.

Lead Instructor
Lt. Tina Perrone

"I saw a 6'0, 210 lbs male choking another male and punching him in the stomach. I approached and performed a LOCKUP takedown. I maintained control until my back-up arrived. If there's anyone who doesn't think L.O.C.K.U.P. works. It does!

Thank you!"
