COURSE DESCRIPTION: Students will be instructed in federal and regional legal aspects pertaining to the use of force in this two-day school. Physical applications for multiple officer/one suspect control tactics for immediate control will be taught. The course is designed to instruct the force necessary and reasonable to control a violent or resistant combative suspect and avoid chaotic non-coordinated events. Focus is on developing a strong knowledge of coordinated immediate physical control tactics and techniques that is a direct, proportionate, and measured response to all levels of resistance and aggression in various types of environmental settings. The objective is to limit the amount of time of physical exertion with subjects.

Topic include: legal guidelines governing police use of force, constitutional basis and legal tests regarding the use of deadly force, human physical and physiological dynamics of combative engagements and how it relates to officer performance, plans to address multiple officer engagements, indicators of excited delirium and agitated chaotic events, demonstration of physical control techniques and skeletal manipulations, along with counter measures and officer survival techniques.

Seating priority goes to officers of Osceola County. **This class is limited to 24 participants.**

REGISTER - Officers interested in attending must contact their agency training division for approval. A signed agency training authorization form or CJAO 15A registration form must be completed and emailed or faxed to the Academy by authorized training personnel prior to the start of class.
