Presented to L.O.C.K.U.P.

An intensive 4-day L.O.C.K.U.P.® Police Arrest and Control Re-Certification Course. This course provides in-depth arrest and control confrontation training. It develops a solid foundation of de-escalation tactics, physical manipulation techniques with instructional methods that will certify the student as a Basic L.O.C.K.U.P.® Arrest and Control Instructor. The empty-hand skills can be relied upon by individual officers or with as teams. The Singular purpose of the L.O.C.K.U.P.® System is to safely, quickly and successfully control and secure an arrested person. The System was conceived, developed and is taught to achieve that result. It is **street proven, court tested, defensible and retainable** for the officer. If you don't think the techniques you instruct will be analyzed and scrutinized, just watch the MN Trial!

The L.O.C.K.U.P. training differentiated itself from other Defensive tactics programs being instructed throughout the country.

Not a technique-based training system but the emphasis is on the actual collection of data on the use of force incidents, and detailed reporting to determine the effectiveness and needs assessments of the officers on the street.
